- Rheumatology
- Sleep Medicine
- Urology
- Vaccines
- Women's Health

A Unique Opportunity: Become an RxTrials Partner Site

RxTrials, the recognized research site experts with over 23 years of industry experience, offers your site the strength of a network while retaining your autonomy.

Joining the RxTrials Site Network places your site among a select group of sites committed to high-quality study conduct and long-term site sustainability.

Partner Site Benefits

BUSINESS DEVELOPMENT

- RxTrials preferred industry partnerships and reputation will provide your site with unparalleled access to study opportunities
- As an RxTrials partner, your site will now be recognized as a preferred site by the top CROs and sponsors
- RxTrials' business development team will manage all study leads and the feasibility for your site
- Your site will have increased visibility through the numerous tradeshows and client meetings attended by RxTrials

BUDGET AND CONTRACTS

- RxTrials' budget and contract industry experts will negotiate the most favorable financial terms for your site
- Payments will be made directly to your site from the payer; RxTrials is not party to any of these contracts
- Your site's cost will be established prior to any budget negotiations

BRANDING

- Use of the RxTrials' tag line "RxTrials Partner Site" on all your site's marketing and correspondence materials
- Your site will be profiled on the RxTrials website and various marketing materials
- Assessment of your current marketing material to ensure best representation of your site

QUALITY

- Access to RxTrials' SOPs

OPERATIONAL SUPPORT

- Access to a web-based, commercial clinical trial management software (CTMS)
- Access to and support from the entire RxTrials management team: business development, budget and contracts, marketing and executive staff

SCRS MEMBERSHIP

- Society for Clinical Research Sites (SCRS) annual membership, which provides up to 36 hours of continuing education and CEUs per each site employee

Seize this opportunity now!
